# Service Safety Summary

Only qualified personnel should perform service procedures. Read this *Service Safety Summary* and the *General Safety Summary* before performing any service procedures.

**Do Not Service Alone.** Do not perform internal service or adjustments of this product unless another person capable of rendering first aid and resuscitation is present.

**Disconnect Power.** To avoid electric shock, switch off the instrument power, then disconnect the power cord from the mains power.

**Use Care When Servicing With Power On.** Dangerous voltages or currents may exist in this product. Disconnect power, remove battery (if applicable), and disconnect test leads before removing protective panels, soldering, or replacing components.

To avoid electric shock, do not touch exposed connections.

# Kit Description

The RM2000B rackmount is designed for use with TDS1000B, TDS1000C-EDU, TDS2000B, and TDS2000C series oscilloscopes.

## Products

TDS1000B and TDS1000C-EDU Series	All serial numbers
TDS2000B and TDS2000C Series	All serial numbers
